THE OTTERBEINS CONCERT A SUCCESS

The concert of the Otterbeins at the city hall last evening was a most gratifying success in every particular. The house was well filled and the audience was an appreciative one. A concert of this character is always popular because it is something that both the trained musician and the man who does not know one note from another can fully appreciate.

The quartet is composed of men who are masters of their profession. Every number received a hearty encore and the audience managed to get about three concerts for the price of one. The music of the bells was something that the writer especially appreciated. It is difficult to understand how these men can get so much expression out of these instruments, but the fact remains that they can produce some wonderful music with them.

Teddy's Traveling Expenses.

Washington, Dec. 21.—A fight will be made by Representative Rainey of Illinois to bring the question of former President Roosevelt's traveling expenses squarely before congress. One of the stockholders of the Southern railway today wrote Mr. Rainey that if Mr. Roosevelt had paid for all the transportation furnished him on his orders it would have cost him \$75,000 on that line alone.

Mr. Rainey's recent resolution demanding information regarding Mr. Roosevelt's traveling expenses while president has brought out a large correspondence, including letters from several railway stockholders, who agree with Mr. Rainey's view that the railroads should not be saddled with the expense of the special trains and special cars ordered from the White House at passenger department expense.

Mr. Rainey proposes immediately after congress reassembles to move to discharge the rules committee from further consideration of his resolution, if, as he expects, the committee pigeonholes the measure.

ROUGH SAILING FOR CONGRESSIONAL ASPIRANTS

There is trouble brewing by the wholesale in the political cauldrons of Oklahoma. It is all over the re-districting of the state under the new apportionment. Oklahoma has grown by leaps and bounds in population during recent years and her increased number will entitle her to at least two more congressmen. Of course the first battle will be in the halls of congress. There is great diversity of opinion among the members on the subject. It is generally admitted that the house is already too large for effective work, but those states that would lose a congressman or two if the ratio of representation is raised much above the present figure of 194,000 throw a fit every time any suggestion is made to raise it. The eastern states are the principal objectors, while the rapidly growing West is not worrying. Naturally the East is loath to see the scepter of power handed to the West.

As soon as Congress settles on the basis of the next apportionment the fun will begin in our own legislature. About half the senators and a number of the representatives have felt and heard the call of destiny and are hoping to place themselves in a position to answer it at the next congressional election. Two things will demand the consideration of the body. The first is how to pay the republicans back in their own coin by so carving the state that not a republican will ever get a small of the pie on the congressional table. The next, and what may prove the largest one with them is how to cut up the district to the taste of the aspirant for congressional honors. A lively time will be had among the would-be congressmen from this section.

Pontotoc county with its big democratic vote is one of the chief prizes they will struggle for. Charley Carter will not want to lose it from his district, yet J. B. Thompson, who is a member of the apportionment committee, is said to have his eye on it as a most desirable part of the territory he hopes to include in a snug little district that will choose him as its messenger to Washington. W. M. Franklin of Madill, another member of the committee, is thought to have covetous eyes on the same place and office and hopes to get a district fixed up to his liking. Then Roddie is perhaps doing some figuring himself, but not being on the committee is at something of a disadvantage so far as getting a district that would be certain to give him a majority in the next primary. On the other hand it is said that Bill Durant is by no means asleep and may be heard from at the psychological moment.

Similar fights are brewing in other parts of the state and present indications are that when the fight once begins it will develop into the biggest scrap in the history of the state. The capital fight will dwindle into insignificance compared with it.

Mrs. Orville Sneed and Miss Veo Sneed who has been visiting her left this morning for Rockwall, Tex., for the holidays. Mr. Sneed leaves for there tonight.

CHRISTMAS TREES THIS EVENING

There will be Christmas trees this evening at the following churches: Both the First and Asbury Methodist, First Baptist, Christian and Presbyterian. Preparations have been made to give the little folks of these churches a fine time and one that they will remember with pleasure. Short programs will be rendered by the children.

At each church the gifts for the union tree will be taken and made ready for the tree at the city hall Monday evening.

Arnett-Young.

This evening at 7:30, at the home of the bride's parents, Mr. and Mrs. G. W. Young, the marriage of Mr. A. T. Arnett of Blossom, Tex., and Miss Emma Young will be solemnized, Rev. E. M. Sweet officiating. The wedding will be very quiet affair, only the immediate family and a few special friends witnessing it. The couple will leave Monday for their home at Blossom, Texas. The bride has not lived among us long, but she has won the esteem of those who know her best and is one of our most estimable young ladies. The groom is engaged in the oil business, having been at Beaumont for sometime, but now at Blossom, Tex. They have our best wishes.

Prominent Show Man in Town.

J. E. Henry, a well known show man, is in town today. Mr. Henry owns a fifty acre farm near Stone-wall and winters his show there. From a small beginning he has built up one of the best shows on the road, and he being a Pontotoc county man, we are especially gratified by his success.

Dear Santa:

Please bring me a real piano and if you can't bring it bring me a bracelet and a ring with 1 or 2 opals or pearls in it and a young speakers book and a box of pretty handkerchiefs and some nuts and fruits and I guess that is all for this time or unless you bring me a strong chain for my locket. Xmas Tree at Green Hill.

The citizens of the Green Hill community in the Fitzhugh district have arranged to have a Christmas tree at the school house tonight. Old Santa will be kept hustling to hand out the presents; for there are some for all.

J. T. Roff will spend Christmas in Oklahoma City.

President Briles Surprised.

Thursday, the members of the faculty of the E. C. S. N., invaded the home of their president, Mr. C. W. Briles, and spent a most pleasant evening.

The affair was a surprise to Mr. Briles, but not to his wife, who had prepared most delicious refreshments, that were served, after games had been played.

Before leaving, the guests brought in two beautiful pictures, "Sir Galahad" and "The Reading of Homer," which were presented by Mr. Perkins to Mr. Briles, in behalf of the faculty, who took this means of showing their love and appreciation of their president.

Xmas Tree at Homer.

Preparations have been made during the past week to have a union Xmas tree at Homer three miles north of town tonight. Every body is expecting to have an enjoyable time, as the Xmas trees heretofore in this community have been a great success.

Committee Reports on Capitol Tract.

Oklahoma City, Ok., Dec. 22.—The board appointed by Gov. Haskell to appraise the Capitol tract submitted its report today. The report was not made public. It is known that the forty acres of land donated by W. F. Harn was appraised at \$350,000.

BULLET FIRED INTO CHARLEY FLOYD'S HOUSE

About dark yesterday Mrs. Charley Floyd heard a breaking sound in their residence in North Ada, and when her husband returned remarked that she thought the house must be settling on its foundation. This morning, however, the true nature of the noise was discovered. A .38 caliber bullet had crashed through the parlor window and was picked up on the floor. Of course there is no way of finding out who perpetrated the dangerous trick, but it was probably done by some boozey celebrator of Christmas.

Montgomery-Hennigan.

Prof. Ross Montgomery, son of County Commissioner-elect G. W. Montgomery and Miss Gertie Hennigan, daughter of Tobe Hennigan, one of Pontotoc's most prominent farmers, will be married Sunday at the home of the bride's parents in the Lightning Ridge community.

Miss Lilly Hennigan of Oklahoma City arrived today to be present at the nuptials tomorrow, and to spend the holidays with her parents.

It Was Unanimous, Joe.

"The king and queen did eat thereof and noblemen besides, and what they could not eat, that night the queen next morning fried," says the old nursery rhyme. In the case of the big fruit cake presented by Joe Islinger to the News office yesterday there was this difference; the whole News force did eat thereof but not a crumb remained over for today. It met every expectation of our epicurean appetites, and the vote of thanks to the generous donor was unanimous.

A MILESTONE OF LIFE.

Christmas is the great milestone
that marks off the successive steps
in the journey of life. No other
date in the year means as much to
the average person as does this one.
In childhood it is golden span that
connects one period of time with
another. In later years it is a time
of retrospect. Then it is that a per-
son pauses to look back down the
path of years and traces by these
mile stones each step in succession.
Around each clusters memories, most
of them joyous, to be sure, but oth-
ers of more somber hue. In my own
case these are strangely intermixed,
and doubtless it is the same with
other people. Both happiness and
tragedy have followed each other in
succession, so as I ponder on what
has been, my mind naturally wand-
ers to the unexplored fields of what
might have been.

However, it is not in the nature
of things for a busy man to dwell
long on the past. His thoughts are
on the future and his resolution to
accomplish more during the ap-
proaching year than during the pre-
ceding takes the place of vain re-
grets for past joys or past mis-
takes. The ambitious man strives to
build better and more substantial
structures between the next mile-
stones that between those in the past.
Although fond memories cling around
these markers of the past, like ivy
to an old building, the perished
hopes of other years also like dead

Talk about a sensation falling flat,
how about the yarn that appeared in
the Guthrie State Capital a few days
ago to the effect that Senator Gore
found himself in such close quarters
as a result of the bribery investi-
gation that he was coming home to
resign rather than be expelled in dis-
grace. Instead of the great howl go-
ing up that was expected, it met only
a contemptuous silence like any other
base lie deserves. The people, ir-
respective of political parties, knew
the State Capital of old and placed
the real value on its great "beat."

many blamed fools believe they are
sharp enough to beat the grafters

The Right Way.
The negro boy was up for the fifth
time on the charge of chicken steal-
ing. This time the magistrate decid-
ed to appeal to the boy's father.
"Now, see here, Abe," he said to
the negro "this boy of yours has been
up in court so many times for steal-
ing chickens that I'm tired of seeing
him here."

"Ah don't blame you, sah," return-
ed the father. "Ah's tired o' seeing
him here too."
"Then why don't you teach him
how to act? Show him the right way,
and he won't be coming here."
"Ah has showed him de right way,
sah," declared the old negro earnest-
ly. "Ah has suttlenly showed him de
right way, but he somehow keeps
getting caught all de same."

Unconscious Humor.
Of the German Emperor stories are
as plentiful as blackberries. The lat-
est comes from a country school. The
lesson was on the historic traditions
of the Fatherland.
"And now," said the teacher "We
come to Germany, which is govern-
ed by the Kaiser, Tommy Jones. What
is a Kaiser?"

"Please sir, I know," answered the
alert scholar (confusing it with gey-
ser.) "It's a stream of hot water
springing up and disturbing the
earth."

ADA SOCIAL EVENTS.

Mrs. Simpson Entertains Little Folks.
Christmas began Friday for the
fifteen little misses who are mem-
bers of Mrs. R. W. Simpson's Sun-
day school class when they assem-
bled at Mrs. Simpson's home to en-
joy a Christmas party.

The thoughtful teacher knew that
nothing would please as much as a
Christmas tree, so it was there all
bedecked in its most charming
dress.

Each guest received a handker-
chief, fruit, nuts and candy and a
fancy little napkin containing a pop-
corn ball. A surprise awaited the
hostess, when she returned to the
room and began distributing the
presents, for the girls had slipped
in and left a handsome Bible with
"Mrs. R. W. Simpson" in gold let-
ters, on the cover.

Miss Venus Vaughn was a guest at
the party.

The overflowing joy demonstrated
by the children made the occasion a
very happy one for the teacher, who
seemed to get as much pleasure from
it as her guests.

Philatheas Entertain.

Tuesday evening, in the parlors of
the Methodist church, the Baraca
class and their teacher, Mrs. C. W.
Bries, were entertained by the Phil-
atheas.

Invitations, written in verse, on
cards resembling, in shape, a clothes-
pin, were issued to the Baracas.

The young ladies had deftly dec-
orated the parlors in class colors. A
clothespin contest produced much ex-
citement. They had the fun, too, of
searching, for hidden pins, and lat-
er, choosing partners by the girls
handkerchiefs pinned on the clothes
line.

After two hours of merry mak-
ing, refreshments were served: Pea-
nut and fruit sandwiches, pickles,
margarites, and frappe.

The boys declared they had a good
time.

"House Warming."

Mrs. Will Neathery's numerous
friends had the pleasure of attend-
ing a "house warming" in her pret-
ty new home on South Rennie Ave.,
Wednesday afternoon. Mrs. Neath-
ery's sister, Mrs. Bryan, of Sherman,
Texas, was guest of honor.

Red bells and holly wreaths here
and there caused the Christmas spir-
it to pervade. The dining room was
decorated in red carnations and hol-
ly, the color scheme in the room in
which register was placed, being
pink. Soft rays from the shaded
candles lent charm to the interior
decorations.

Mrs. Hope greeted the guests at
the entrance. Mrs. Galbraith pre-
sented them to Mrs. Neathery, Mrs.
Bryan, Mrs. Maddox and Mrs.
Neathery's mother, Mrs. Cox.

Mesdames Torbett and Ebey stood
at the foot of the receiving line
and directed to the dining room,
where they were received by Mrs.
Kice. Mesdames LeFevre and Rod-
armel poured coffee, and a salad
course was served by Mesdames
Thornton and Beck.

The other members of the house
party, Mesdames Lasater, Bolen, Conn
and Duncan, stood in the next room,
where Miss Estelle Torbett had
charge of the register.

Miss Knight Entertains

Miss Knight was hostess to her
neighborhood friends Tuesday after-
noon at her home in Normal
Heights.

The guests engaged in the popular
amusement, 42, there being three
tables.

A delicious salad course was serv-
ed. It was a very enjoyable afternoon
afforded Miss Knight's friends, who
were glad to be her neighbors.

Mrs. Rives Entertains Kill Kares.

Mrs. C. H. Rives was hostess to the
Kill Kare Club Saturday afternoon
and charmingly entertained a num-
ber of guests with the popular game
of "42." Five tables were filled with
the players and the games were full
of animation. At the conclusion of
the games a delicious salad course
was served the guests.

NEW MEXICO LOSES IN BOUNDARY FIGHT

Washington, Dec. 21.—Compliment-
ing the recommendation of President
Taft, as conveyed in a special mes-
sage, the senate today adopted a joint
resolution nullifying the action of the
constitutional convention of New
Mexico in fixing the one hundred and
third meridian of longitude as the
eastern boundary of that prospective
state. It also gives the president power
in conjunction with Texas, to re-
establish the lines run by J. H. Clark
in 1858 as the true boundary be-
tween New Mexico and Texas.

The dispute is of long duration and
grows out of an error made by Clark
in marking the one hundred and third
meridian. It was intended this meri-
dian should constitute the dividing
line, but he placed it west of where
it should have been. National authori-
ties as well as this of Texas, accepted
it as accurate, but New Mexico con-
tended for the more eastern tracing.

In his message the president point-
ed out that property interests had
accumulated under the recognition
of the Clark survey, and urged that
the established line order should not
be disturbed.

Senator Heburn opposed the reso-
lution, contending that the Clark sur-
vey had been made for the purpose
of locating the meridian and not to
mark a division between states. He
asserted that not less than 600,000
acres, valued at \$20 an acre, were
involved and said Texas had received
liberal remuneration for the area.
He contended the land should not be
restored without adequate compen-
sation. For a time he threatened a
filibuster against the action but de-
sisted, saying he had learned to get
out of the way when he heard "the
whistle of a steam roller."

The resolution has not been acted
upon by the house so far.

Free to You and Every Sister Suf- fering from Woman's Ailments.

I am a woman.
I know woman's sufferings.
I have found the cure.
I will mail, free of any charge, my home treat-
ment with full instructions to any sufferer from
woman's ailments. I want to tell all women about
this cure—your mother, your sister, your daughter,
your mother, or your sister. I want to tell you how to
cure yourselves at home with-
out the help of a doctor. Men cannot understand
women's sufferings. What we women know from
experience, we know better than any doctor. I
know that my home treatment is safe and sure
cure for Leucorrhoea or White Discharges, Ulceration, Dis-
placement or Falling of the Womb, Profuse, Scanty or Painful
Periods, Uterine or Ovarian Tumors, or Growths; also pains in
head, back and bowels, bearing down feelings, nervousness,
creasing feeling up the spine, melancholy, desire to cry, hot
flushes, weakness, kidney, and bladder troubles where caused
by weakness peculiar to our sex.

I want to send you a complete ten day's treatment
entirely free to prove to you that you can cure
yourself at home, easily, quickly and
surely. Remember, that if it will send you suffering to
give the treatment a complete trial; and if you
will not interfere with your work or occupation, just send me your name and address, tell me how you
suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrap-
per, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVICE" with
explanatory illustrations showing why women suffer, and how they can easily cure themselves
at home. Every woman should have it, and learn to think for herself. Then when the doctor says—
"You must have an operation," you can decide for yourself. Thousands of women have cured
themselves with my home remedy. It cures all old or young. To Mothers of Daughters, I will explain a
simple home treatment which speedily and effectually cures Leucorrhoea, Green Sicknes and
Painful or Irregular Menstruation in young Ladies, Plumpness and health always results from
its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly
tell any sufferer that this home treatment really cures all women's diseases, and makes women well,
strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also
the book. Write to-day, as you may not see this offer again. Address

CURE YOUR KIDNEYS.

No Need to Take Any Further Risks. Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Can Ada residents demand more convincing proof than the following:

M. H. Brown, plumber, Main St., Sulphur, Okla., says: "I willingly recommend Doan's Kidney Pills to other persons in need of a kidney remedy. I was troubled for some time by too frequent passages of the kidney secretions. When I learned of Doan's Kidney Pills I procured a box and the results of their use were highly satisfactory. I know of a number of other people who have taken this remedy and have derived just as much benefit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Bucalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ. Newbro's Herpicide does this because it is specially made to do that very thing. When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
